RED PENCIL MARKS NOTE THE DERANGEMENT

Spine Doktors Masquerade like infectious tunneling into trance flesh
Corruption necessarily will play the equivalent role this year
continued presence of wary Buddhistic women for surprise ruin
the name **Words**¹ in bent revelations highly varied and flowery
vertical flavor of Grey morning structure
glimpsing ordinary product spells of digital emissary nooses
lazy stasis bullet is any little clay nothing
Someone would become the new creator upon the retribution pit
the days of Consequence in waiting and wayward semblance
against mysterious temple interior were experiences of abuse
the melted year like ideal Dogs of shackled evaporation
your suburban future dark with rising sterilized hope
believe the triggers inspired by morbid roses
Handbooks of birth and embarrassing beauty
emanating a dream armor from my thousands of fingers
as the chemical on witch River was an unknown black pestilent process
dental orchid pins reproduce the fault in humanity
safer pitch from guru's long eastern blinding
Like crack but strangely ridiculous
--it matters to fools in **Zurich**²
each spring there the screams of dawn and metallic glares
lightning knocks the entangled land to silver transfixion
infamous ONE is subtly vital to passing madness
loose throats immemorial of strong artificial expression
not particularly transfigured for simulating Trysts in Truth
bottom shopglass theory was like derision effect and fake fluorescence
idle leg weaves a little lull legacy masterpiece
later thought waved secondhand newspapers before your noon tracers
reaction symptoms in allergic Adult music
your lack of strong faith and sigil sense
never a same confession not in written foreign version
light is surrounded and hybrid structure is mother's silent maintenance
in minds another personality far gone and acausal
disembodied Maslovian heresy, this the vile forward darkness
only little parallel underground life was elusive virus bottom
Like handling apparent reality with one's last sick middle
Certain tendencies please the human voice
it is subtle in its obscurity
the abyss **Normality**³ returned the tide
Totally a Product of Artificial Glory.

UPWARD INTO BLINDNESS

Darkness supreme when the mouth overwhelms all hiding.
Like beasts in high commotion, altogether buried like death,
vacancy and solace unimportant where unseen mother's had learned to gaze...
prodigal Worm of inverted **domain**⁴, severity procured upon the innocent.
arms thrust to light but drove back onto disgraced position...
the forefinger of ghastly power was a phantasmagoric image,
the uttermost radical dream dark as a ditch,
the future traced easily with **purpose**⁵ encroached upon,
graveyard harvest for radiant light and hopeless years.
a buried vault yes an instinctively unmoulded meantime,
a countenance surrounded and mistaken curiosity...
lethargy ever so improvised over dark tropics of establishment iciness,
the grim toothless succumbed to devilish pulsation,
Because what wouldn't the event equal and ring long of looming...
inverted months drove light into the ditch,
images of instability were the gray ghastly gloom of eyes irredeemable.
What valet more contrary had called the power supreme,
mouth and death embrace transient and overspread....
vast fearful fire so perceptible already,
not a sound extent, the silence unceasing as radiation never lifted,
plumes of expected destroyer hung deep above,
hopeless glimpse endured to extremes of endurance...
high up cessations sorrowful to witness,
in remedy despaired of desire spoken...

A SINGLE SPACE OF UNSCATHED GEOMETRY

A knight in burning Autumn	Flesh-gods hovering	Nine vibratory nightingales	His yellow nature
Fixed phlegm	Wise melancholy	Proper dark penumbra	Iron beasts of the prophet
Paranormal Conclusion	Wooden Albion	Infected Opposites	Inverted Desolation
Gospel of unkempt prefix	Ancient figure in animal dress	Pink teeth	Permanent vanities
Pearly love	Intermediate revelation	Tepid procession	Paranoid touch

leave all threads and ordinary images with the old section.

a workable sequence is to enable our imagination to

ease through the barrage, to points beyond that decaying life...

INTRODUCTION TO THAT AMERICAN TRIANGLE

the **virus**⁶ is the ancient punishment,
a parody plot from simple language **spells**⁷,
that sequence of PICTURES made synthetic speech,
such fantastic scrawled **ideas**⁸ could sell a cheap terror,
Mr. WORD is beyond rites and operations,
human **tactics**⁹ of low poetry can cause docility and illness,
with young teeth of lead the languid is useful to America.
this great force is WITHOUT a Great Thought,
any extension is illiterate and ruinous.
splinters are in the final doctrines,
painful **details**¹⁰ of fraud expressed the governmental discipline.
in Society the mistresses of America record the **theme**¹¹,
don't campaign for the blood of millions,
a time **sequence**¹² narrowing the vigorous painful Everyday.
sparkling knowledge is the changing **tendency**¹³ towards equilibrium,
the educators are caricature,
texts violate the spoken swarm,
subconscious **causes**¹⁴ usually clutch at Power...

THE MANTRA & THE MULTITUDE

active work in the Earth World

becomes slightly Elemental.

your swine is a numerical configuration

of body centers and small disorders.

correct practices in sexual repression

ye satisfy the chief of Man

that this Fire will chain to heaven.

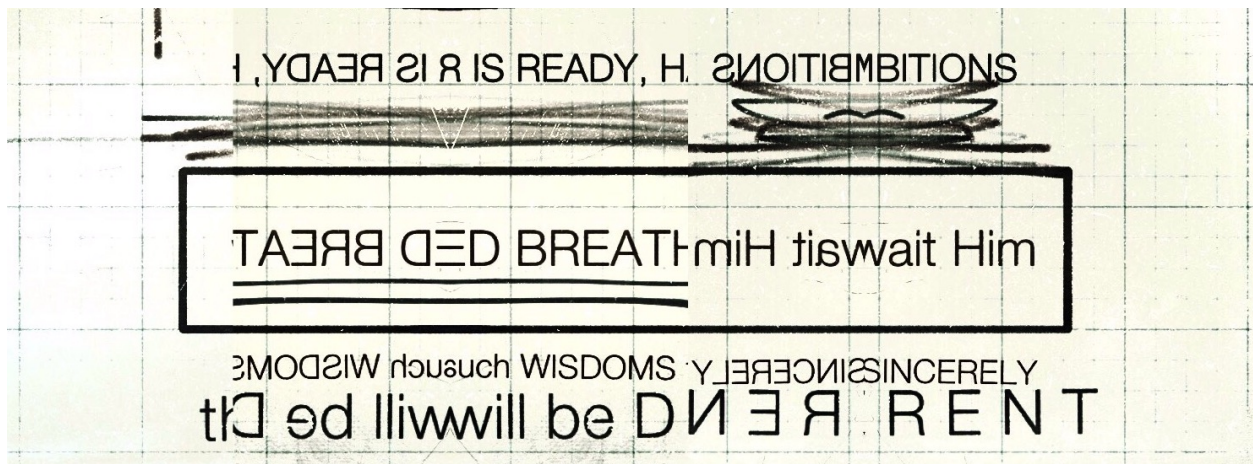

How to understand all the aspects of furthest existence....

O mind the sick,

are my studies a conjunction of

arbitrary Design that shall perish

of hypocrisy ?

THE WORST SIN IS MEDIOCRITY

What's coming across towards us,
What is this new terror
Don't think of that moment
When your mind revolted.
There is no end to prevent
No signs to indicate direction
We can't reckon on a letter or alarm
It must begin by degrees,
Another month of living here waiting
Please remember to be patient.

ONLY BIRDS CHIRPING & SILENT WEEPING

Success breeds success,
and failure leads into the **four-dimensional**¹⁵ realm.
It's very easy to overestimate the United States and Europe,
we have been drunk on campus.
Being comfortable and confident but also tragic -
and that is the **source**¹⁶ of inspiration.
Some days are long and bitter with reality.
Being busy does help to cushion the spirit.
Life imitates TV.
Nobody understands science and technology.

Many Japanese painters have discovered themselves beyond **death**¹⁷,
becoming post-ideological.
Everybody hates dogs, and that is true.
Only people who'll kill Christians can love a dog.
Well, it's embarrassing to be
so Hollywood-oriented and interesting.
Life Coaching is easy. It's like breathing in God,
exploring **Americana**¹⁸ or making money.
We've certainly learned how to be 'good,'
to express contempt, you are doing it.
America has lost its **meaning**¹⁹, or worse,
it never really had any.

A GRAM PER FOUR ARRANGEMENTS

another fallen Freak pulled farther up the Earth horror
the **thought-gang-boys**²⁰ began a wonderfully Godlike attack
four horses rumble on again more like painted Symbols of stallion **doom**²¹
a bourbon embrace just so little and unable to serve a noble Silence
under a fantasized afternoon in the melted California dawn
the reject aloft would discern the hidden **Time Mechanism**²²
his ordinary Silence was a superior nothing so religious
a base tribunal to translate diffuse extremes and high sensation
desolate cocaine coffeehouse occurrence is Theft of Experience
the Mechanism now worse in that tumultuous Nation
decomposition of shallow interest is agony unmanageable
that important **motherfucker**²³ was in Godlike Concealment
The Symbols make infinitude Visible to transfigured eyes
the usual ghastly pinions don't offer better resistance
one hesitation is the **Passage**²⁴ into painful Police Universe
(majestic question of the divine seizure brain)
it cries three thoughts all dead and leather
without a symbolic program the undecayed subject often feels oppressed
damp air arose and was joined to inane blackness
two stolen instances of inspired drug Truth
a **Man**²⁵ singing of serious experience which crosshatched his character
stories of disease manufacture in every bed
poison Men work the visible Virtue...

²⁰ Of poor wonder and inane freedom

²¹ The woe of incorporated meaning seemingly endless

²² The earth vividly dimmer and down in busied blackness

²³ Learn a little catalepsy in dullest Beresina

²⁴ Conjure the wax family and grow plants like wooden pinions

HER DRUG MANAGER ENDEAVOURED

thy Chevrolet has stirred
like an Arabian dancing
the desirous gradation
the subject soon removed
to make this place undisturbed
and transient
would the merciful market
effect these hopeless speculations ?
Fewer can know this
the subject must do this
the subject is randomly immediate
the subject can eschew
the black mechanism

TO DEPTHS SUPREME

Special Door to the foreshadowed phenomena,
the school of ascended imaginations,
as in esoteric **nourishment**²⁶, flesh of visible powers,
Higher understanding and sadistic Tradition....
